

Bertie the Badger Museum Trail

Can you help Bertie find her friends?

Second Floor

My friends the cats are hard to see, cheeky Brooke and quiet Lee

You won't need to look at too great a height, to spot Tilly the great Red Kite

Alan's ceramics are all so great, but can you find me his portrait?

This friend is very old but regal. His name is Chester - and he's an Eagle

You won't need to stray too far off course, for Sylvia the small bronze Horse

The end of the search is very near, we just need to find old Hurst the Deer!

Polly the Parrot loves to repeat, but I've forgotten where we used to meet

I have such a laugh, with Jack the Giraffe!

Though Larry the lobster was born at sea, he loves his life in the Art Gallery!
